Common what is to be done? There is nothing to be done, if the medicine is good, that we know of only to write the truth about it, in plain language, and let the article stand on its own merits, by speaking for itse f through its curee. KIER'S ROCK OIL,

We observe that as it cures various diseases, it will MANSHIP, and also quality themselves for the cutating room, in obtaining a thorough practical knowledge in Book Keeping by Double and Single Entry in a short time. All are invited to call and examine for themselves.

TERNALLY and INTERNALLY, it stands the greater chance of reaching the sect of disease. There are various kinds of old Peterlum—offensive to written. smell and taste. Many of the Liniments of the day (and some are very good are compounded in part with some kind of Rock Oil. Hence it stands to reason that if a Petroleum can be had which can be swallowed it must be good, and thus, Kier's Oil, having that advantage, is the very essence and quintescence of medicine. It doctors the whole man, from head to Disease and the cause of Disease—root and branch:

Just find in using this language, as the Proprietors are, from personal observation for the last two or three years, as well as from constantly accumulating testimony—Letters—Certificates—printed, and written, and verbal Statements,—we do not feel at liberty to hold back the result from the people—it would not be right.

IF YOU OBJECT that it is said to cure too many diseases to be good.—
We reply—We cannot tel how it is, but so it is—that
it cures so many diseases—and it is no affair of ours—
it is the good fortune of the reflicted. We suppose it
is just as easy for NATURE to make a Remedy for AXES, NAILO,

Another thing—we do not have as many diseases as we think. Take for instance SCROFULA—or KINGS EVIL, and slit those SCROFULA—or KINGS EVIL, and slit those of the body,—this Oi The Last Call.

Will save money by purchasing their Groceries of Diseases having their origin in a depraved condition by the persons indebted to the late Firm of Ayres, Williams & Go., by Note, Book-account, or small advance above Eastern and Gincinnati market, will eradicate them with little cost. And yet there are solicited to add a state of the blood, and other fluids of the body,—this Oi. of the blood, and other huids of the body,—this Oi.
will eradicate them with little cost. And yet there
are perhaps a dozen different manifestations of Scrofula, in the same or, in different persons—and some
people call them different diseases, which will never
do. It was the opinion of the late Dr. Rush, Philadelphis, that there existed in Nature an antidote to every malady to which man is liable. We add a few cures from the many certificates at
